

Bodyguard

Even the best drivers have no control over stone chips, trolley dents, hailstones or damage from other vehicles while parked.

Unfortunately, the scuffs, scratches, chips and dents of everyday driving can be both expensive and annoying. Although they might appear small at first, this minor damage can dramatically reduce the resale value of your car.

It's almost guaranteed that your vehicle will suffer from some sort of paintwork damage during your day-to-day motoring. Now, with valuable protection from Bodyguard you can keep your vehicle looking as perfect as the day you first bought it, without having to claim on your comprehensive motor insurance.

Bodyguard is a simple insurance policy designed to keep your vehicle in showroom condition by paying for minor damage repairs and is completely separate from your comprehensive motor insurance policy. That means when you claim on Bodyguard it won't affect your no-claims bonus or cash-back rewards.

HOW IT WORKS

It's easy – within 30 days of the incident, simply call the claims hotline on 0861 66 88 88, where a consultant will register your claim and direct you to the nearest approved repairer.

Provided the damage falls within the parameters contained in the policy wording, an authorisation number will be issued to the repairer to carry out the work. In some circumstances, it might be more convenient for a mobile unit to come to your premises to repair the vehicle.

Bodyguard is available for new or used vehicles, and provides the following benefits depending on the option purchased. Executive vehicles often require better levels of cover, which is why the Bodyguard Executive option provides higher levels of cover as well as additional benefits for a minimal increase in price.

DAMAGE	BODYGUARD	BODYGUARD EXECUTIVE
Light scratches	15cm	18cm
Minor damage & dents	15cm	18cm
Chip repairs	15cm	18cm
Windscreen damage	Chip repairs	Chip repairs
Wheel rims	R 2 500	R 3 500
